

TurboConnect x MONTA

6

Final Check.

A correct backend connection is displayed in both, the Monta portal and the charger's local configuration page.

The screenshot displays the AMPURE web interface for a charging station. The browser address bar shows the URL 192.168.1.4/#/home. The navigation menu includes AUTHORIZATION, BACKEND, LOAD MANAGEMENT, NETWORK, POWER, PROFILE, and SYSTEM. The main content area is divided into two sections: a visual status indicator and a data summary.

Status Indicator

- Status Wallbox: OK
- Free Charging: ON
- Connectivity Status: WIFI

Summary

- Total Charging Sessions: 52 Sessions
- Duration of current charging session: 0.0 minutes
- Current Energy: 0.055 kWh

Systemstatus

- OCPP ChargeBoxIdentity (Charge PointID): NEXT-WS110607
- OCPP State: Available
- Type2 State: CableNotConnected

Two blue arrows point to the visual status indicator on the left and the OCPP State field in the Systemstatus section on the right.
